ANIMAL WISE

DES ANIMAUX PAS SI BÊTES

" THIS FILM IS A MASTERPIECE "

... SAYS JACK EAST
- THE HOLLYWOOD REPORTER

The GAZETTE, Montreal, Tues., Aug. 23, 1955

for The Gazette

Much more fascinating was 'Animal Wise', Hamid Fardjad and Andre Heinrich's documentary exploring animal intelligence. Although many of the film's

findings have been known for some time, they have never been assembled in such a comprehensive fashion. Especially interesting is the film footage dealing with the chimpanzees' amazing powers of communication. 'Animal Wise' gives the impression that the division between animals and human beings is shrinking.

CARLO PONTI:
