Synopsis

A journalist discovers that a well-known society woman is getting ready to star in her first film. He guesses that the woman is Princess Soraya and, in company of a photographer, starts trying to track her down in order to interview her. In the meantime, the princess is shown becoming familiar with the tools of her new trade.

Besides this Preface filmed by Antonioni, the film has two parts, one by Mauro Bolognini, the other by Franco Indovina.
