BloodSisters: Leather, Dykes and Sadomasochism is Michelle Handelman's long awaited documentary about the political activities and sexual choices of women in the leather S&M community. Using a combination of documentary, personal histories, artistic visions and media imagery, this film focuses on nine central figures who represent a diverse cross-section of the leather S&M community. She documents a series of competitions held throughout the country by the women's leather S&M community. By following these women and cutting between their personal lives and political activities, Blood Sisters provides an in-depth picture of the leather S&M community. Graphic footage of actual play also gives us a greater understanding of the nature of the intensity of the bonds that exist between these women. Mixing both experimental and traditional documentary styles, Handelman draws us deeper into this often misunderstood community and gives us a more intelligent and less sensationalistic view of the reality behind these women's lives. Starring Tala Brandeis, Wickie Stamps, Amy Marie Meek, Pat Califia and Skeeter with music by Coil, Chris and Cosey, Frightwig and the Lucy Stoners.

Maria Beatty & Rosemary Delain's highly erotic film The Elegant Spanking beautifully details the S&M relationship between a mistress and her maid. We are treated to an aesthetic subversion of sexual perversion as mistress and maid indulge in punishment, seduction, submission, spanking, strapping, piss drinking, spike heel and foot worship.
