The Cigarette Girl from Mosselprom (*Papirosnitsa ot Mosselproma*) **6.15 NFT2**

Or 'Nicodim and Nicotine'. Nicodim, a non-smoking apprentice, falls in love with Zina, who sells cigarettes on the Mosselprom, who in turn falls in love with a film cameraman, who in turn promises to make her a star. As fresh and circular as a daisy-chain (it returns us to its point of departure, opening titles included), this film permitted a coquettish Solntseva to display an unexpected flair for comedy. *USSR 1924*
