Some 60 international awards honor Stanley Kubrick's oddly-titled "Dr. Strangelove: Or How I Learned to Stop Worrying and Love the Bomb." Screen satire at its finest and funniest, "Dr. Strangelove" is "outrageous, daring, inventive, devilish, macabre and scintillating comedy."* "It is a wildly comic nightmare..."** which sees the President of the United States and the Premier of the Soviet Union cooperate in a bizarre effort to save the world from total disaster.

director

STANLEY KUBRICK

DR. STRANGELOVE

Peter Sellers superbly plays the President, an imperturbable British liaison officer and an unreformed Nazi scientist. But "Dr. Strangelove" essentially is a Stanley Kubrick triumph, a film that "puts him big-leagues ahead of the over-blown Hollywood 'greats.' "****

"Dr. Strangelove" is "the best American movie in years."*****
