## A BRIGHTER SUMMER DAY

A FILM BY EDWARD YANG

(185min., 35mm, colour)

In Taipei's night market for used books,  
a 14-year-old girl was killed by her boyfriend of the same age...

A Brighter Summer Day is a visually  
exquisite, intellectually complex,  
emotionally demanding film —

Jay Scott, The Globe and Mail.

Every frame is accurately structured  
and if, at times, it's left empty for a  
brief second, it's only to achieve an  
effect using the viewer's imagination.

Dan Fainaru, Variety.
