Godard's BAND OF OUTSIDERS

ANNA KARINA SAMI FREY CLAUDE BRASSEUR

New prints (with new subtitles) of Godard's classic New Wave gangster movie long unavailable in the United States. Two small-time toughs begin a dalliance with a local girl whose aunt has a large pile of banknotes in her cupboard. An influence on many filmmakers including Tarantino, who had *Pulp Fiction's* Uma Thurman re-enact Karina's legendary dance, "The Madison."
