Cries and Whispers (Viskningar och rop)

Fri 25 Feb 7.30 MOMI

The harrowing period story of a woman dying of cancer and of her two sisters who return to the family mansion to offer comfort, this was described by Tom Milne as 'superlative even for Bergman: a laceratingly beautiful attempt to explore the human need not only to draw comfort from the past, but to project love back into its dusty reaches'. *Sweden 1972/Dir Ingmar Bergman. With Harriet Andersson, Kari Sylwan, Ingrid Thulin, Liv Ullmann, Erland Josephson.*
